

Our performance for you:

Hydraulic cylinder up to 32.000 kg total weight, piston up to diameter 1600 mm, stroke up to 12000 mm:

The right hydraulic cylinder for every requirement. According to your drawings or our construction. We develop solutions for you that cannot be found in any catalog. Many years of experience and our high standards in the field of manufacturing components and assembling hydraulic cylinders, special cylinders and hydraulic assemblies are the best conditions for your satisfaction.

Hydraulic cylinder, piston diameter 780 mm, rod diameter 720 mm, stroke 1000 mm, weight 10900 kg

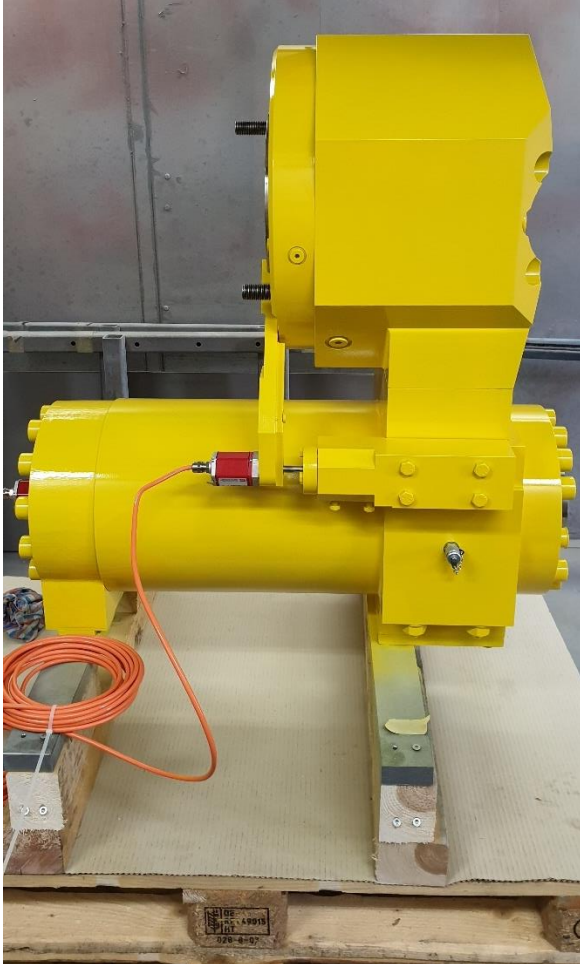

Hydraulic cylinder, piston diameter 305 mm, rod diameter 140 mm, stroke 308 mm, weight 526 kg

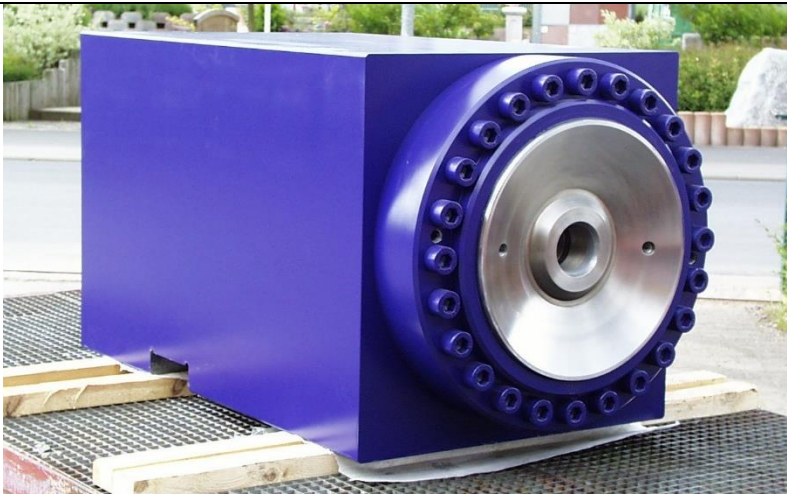

phone: +49(0) 9355 / 9736-0
